PERSONAL PROJECTS

E-commerce Website Development

- Collaborated with a team to design and develop a fully functional e-commerce website using HTML, CSS, and JavaScript.
- Implemented responsive design principles for optimal user experience on various devices.

Personal Portfolio Website

- Independently created a personal portfolio website to showcase my skills, projects, and achievements.
- Utilized HTML, CSS, and JavaScript to design an engaging and interactive platform.

Data Analysis with Python

- Analyzed a dataset using Python's pandas library to extract insights and trends.
- Visualized data using libraries like Matplotlib and Seaborn to communicate findings effectively.
